

"Educating Minds—Inspiring Futures."

"CARDINALS CARE"

Friday Focus

September 1st, 2017

Principal's Message:

A National Demonstration School Since 2007

Thank you for another great week. The excitement on campus continues to build as we continue to focus on quality instruction and effective lesson planning. Mr. Valdez and I visited classrooms today and she was very impressed with the instruction happening in the classrooms. I would like to give my Instructional Coaches a shout out for working synergistically to finalize the CAASPP Readiness Assessment Schedule.

Looking forward to a great night of football. The best part about Friday nights is seeing the community come together to support our young men and women show off their school spirit. It's an exciting time to be a Cardinal. Have a great three day weekend.

Go Cardinals! #CardsCARE

DSH Counselor, Adrian Martinez ran into a few DHS Alumni last weekend. They were all studying at a Fresno Starbucks. What a proud moment for all of us to see them putting into action all the skills they learned in our school district.

Great pep rally at lunch today. Coach White ignited the student body and challenged them to support their Cardinals at tonight's contest vs. Parlier.

Upcoming Events:
